#### Streamline Health® Reports Fiscal Fourth Quarter and Full Year 2022 Financial Results

- Fiscal 2022 SaaS revenue up 53% vs fiscal 2021
- Total contract value of fiscal 2022 SaaS bookings was \$22.4 million compared to \$5.6 million in fiscal 2021
- Reported \$17.2 million of Booked SaaS ACV as of January 31, 2023, compared to \$10.6 million as of January 31, 2022
- Executed strategic alignment of eValuator and Avelead operations

**Atlanta, GA** – **April 26, 2023** – <u>Streamline Health Solutions, Inc.</u> ("Streamline" or the "Company") (Nasdaq: STRM), a leading provider of solutions that enable healthcare providers to proactively address revenue leakage and improve financial performance, today announced financial results for the fourth quarter and fiscal year 2022, which ended January 31, 2023.

#### Fiscal Fourth Quarter and Full Year 2022 Financial Results

The following financial results have been prepared in accordance with Generally Accepted Accounting Principles ("GAAP"). Fiscal 2022 financial results reflect the consolidation of the Company with Avelead Consulting, LLC ("Avelead"), which was acquired in the fiscal third quarter of 2021. Fiscal 2021 GAAP financial results reflect results from Avelead's operations from the date of acquisition, August 16, 2021.

Total revenues for the fourth quarter of fiscal 2022 were \$6.7 million, a 12% increase from \$6.0 million during the fourth quarter of fiscal 2021. Fiscal year 2022 revenues were \$24.9 million, a 43% increase compared to \$17.4 million during fiscal year 2021. The increase in revenue for the quarter was the result of higher SaaS revenue due to increased eValuator client volumes, higher software license revenue and increased professional services revenue from the Avelead business. The increase in revenue for the fiscal year was the result of higher SaaS and professional services revenue primarily attributable to the Avelead acquisition.

The Company is focused on the growth of its SaaS solutions. During the fourth quarter of fiscal 2022, SaaS revenue grew \$0.4 million or 15% compared to the fourth quarter of fiscal 2021 and \$4.2 million or 53% during the fiscal year ended January 31, 2023, compared to the prior fiscal year.

Net loss for the fourth quarter of fiscal 2022 was (\$2.2) million as compared to a net loss of (\$30,000) during the fourth quarter of fiscal 2021. Net loss for the fourth quarter of fiscal 2021 included income of \$2.3 million related to a positive valuation adjustment arising from the acquisition of Avelead.

Net loss for fiscal 2022 was (\$11.4) million, as compared to a net loss of (\$6.5) million for fiscal 2021. The net loss for fiscal 2022 was impacted by higher overall operating expenses primarily as a result of having a full year in fiscal 2022 with Avelead operations as compared to a partial year in fiscal 2021. Fiscal 2021 net loss included \$2.3 million of income related to PPP loan forgiveness and \$1.9 million of income related to valuation adjustments arising from the Avelead acquisition.

#### Full Year 2022 Pro Forma and Non-GAAP Metrics

The following financial results for Fiscal 2021 are pro forma and have not been prepared in accordance with GAAP. These pro forma financial results represent the consolidation of the Company with Avelead as if Avelead's operations were fully recognized during the comparable period.

Consolidated revenue for fiscal 2022 was \$24.9 million, a 10% increase compared to pro forma, unaudited, consolidated revenue for fiscal 2021 of approximately \$22.6 million. SaaS Revenue for fiscal 2022 was approximately \$12.3 million, up 9% compared to \$11.3 million of pro forma consolidated SaaS Revenue in fiscal 2021.

Adjusted EBITDA for the fourth quarter of fiscal 2022 was a loss of (\$0.2) million, compared to an adjusted EBITDA loss of (\$0.3) million in the fourth quarter of fiscal 2021. Adjusted EBITDA for the fiscal year ended January 31, 2023, was a loss of (\$3.8) million as compared to an adjusted EBITDA loss of (\$2.0) million during fiscal 2021.

As of January 31, 2023, the Company's total Booked SaaS Annual Contract Value ("ACV") was \$17.2 million compared to Booked SaaS ACV of \$10.6 million as of January 31, 2022. The company reiterated its expectation to exit fiscal 2023 with \$30 million of Booked SaaS ACV. Booked SaaS ACV represents the annualized value of all executed SaaS contracts, including contracts that have not been fully implemented, as of the measurement date, assuming any contract that expires during the twelve months following the measurement date is renewed on its existing terms unless the Company has knowledge of the non-renewal.

#### **Management Commentary**

"We were pleased to achieve our bookings targets in fiscal 2022 and believe the strategic alignment we undertook in the fourth quarter will enable to us to maintain this level of execution going forward," stated Tee Green, Chief Executive Officer, Streamline Health. "Our industry is adjusting to a new normal, and we believe that our solutions can play a major role in ensuring our healthcare providers are accurately paid for all of the care they've provided."

#### Non-GAAP Financial Measures

Streamline reports its financial results in accordance with U.S. generally accepted accounting principles ("GAAP"). Streamline's management also evaluates and makes operating decisions using various other measures. One such measure is adjusted EBITDA, which is a non-GAAP financial measure. Streamline's management believes that this measure provides useful supplemental information regarding the performance of Streamline's business operations.

Streamline defines "adjusted EBITDA" as net earnings (loss) plus interest expense, tax expense, depreciation and amortization expense of tangible and intangible assets, share-based compensation expense, non-cash valuation adjustments, gains and losses on early extinguishments of debt, significant non-recurring operating expenses, and transactional related expenses including: associate severances and related restructuring expenses, transaction-related bonuses, associate inducements, and professional and advisory fees. A table reconciling this measure to "loss from continuing operations" is included in this press release.

Booked SaaS ACV represents the annualized value of all executed SaaS contracts, including contracts that have not been fully implemented, as of the measurement date, assuming any contract that expires during the twelve months following the measurement date is renewed on its existing terms unless the Company has knowledge of the non-renewal. Booked SaaS ACV should be viewed independently of revenue and does not represent revenue calculated in accordance with GAAP on an annualized basis, as it is an operating metric that can be impacted by contract execution start and end dates and renewal rates. Booked SaaS ACV is not intended to be a replacement for, or forecast of, revenue. There is no GAAP measure comparable to Booked SaaS ACV.

#### Safe Harbor Statement under the Private Securities Litigation Reform Act of 1995

Statements made by Streamline Health Solutions, Inc. that are not historical facts are forward-looking statements that are subject to certain risks, uncertainties and important factors that could cause actual results to differ materially from those reflected in the forward-looking statements included herein. Forward-looking statements contained in this press release include, without limitation, statements regarding the Company's growth prospects, estimates of anticipated cash flow generation, anticipated bookings, recognition of revenue from contracts included in Booked SaaS ACV, industry trends and market growth, results of investments in sales and marketing, adjusted EBITDA, pro forma financial information, success of future products and related expectations and assumptions. These risks and uncertainties include, but are not limited to, the timing of contract negotiations and execution of contracts and the related timing of the revenue recognition related thereto, the potential cancellation of existing contracts or clients not completing projects included in the backlog and Booked SaaS ACV, the impact of competitive solutions and pricing, solution demand and market acceptance, new solution development and enhancement of current solutions, key strategic alliances with vendors and channel partners that resell the Company's solutions, the ability of the Company to control costs, the effects of cost-containment measures implemented by the Company, availability of solutions from third party vendors, the healthcare regulatory environment, potential changes in legislation, regulation and government funding affecting the healthcare industry, healthcare information systems budgets, availability of healthcare information systems trained personnel for implementation of new systems, as well as maintenance of legacy systems, fluctuations in operating results, effects of critical accounting policies and judgments, changes in accounting policies or procedures as may be required by the Financial Accounting Standards Board or other similar entities, changes in economic, business and market conditions impacting the healthcare industry generally and the markets in which the Company operates and nationally, the Company's ability to maintain compliance with the terms of its credit facilities, and other risks detailed from time to time in the Streamline Health Solutions, Inc. filings with the U. S. Securities and Exchange Commission. Readers are cautioned not to place undue reliance on these forward-looking statements, which reflect management's analysis only as of the date hereof. The Company undertakes no obligation to publicly release the results of any revision to these forward-looking statements, which may be made to reflect events or circumstances after the date hereof or to reflect the occurrence of unanticipated events, except as required by law.
