

Hunt Regional Healthcare Signs New Contract For Streamline Health® eValuator™ Automated Pre-Bill Analysis Solution

August 6, 2018

Greenville, Texas-based Health System Signs Multi-Year Contract

ATLANTA, Aug. 6, 2018 /PRNewswire/ -- [Streamline Health Solutions, Inc.](#) (NASDAQ: STRM), provider of integrated solutions, technology-enabled services and analytics supporting revenue cycle optimization for healthcare enterprises, today announced it signed a contract with Hunt Regional Healthcare on July 31 for Streamline Health eValuator, its new cloud-based automated pre-bill coding analysis technology.

Streamline Health is leading an industry movement to improve healthcare providers' financial performance by moving mid-to-late revenue cycle interventions upstream, optimizing coding accuracy for every patient encounter prior to bill submission. By improving coding accuracy before billing, providers can reduce lost revenue, mitigate overbill risk, and reduce denials and days in A/R. This enables providers to turn unpredictable revenue cycles into dynamic revenue streams.

"We are always looking for ways to improve our coding and revenue integrity, and we believe Streamline's new eValuator platform can help us accomplish this," stated Jennifer Cooper, Director of Health Information Management, Hunt Regional Healthcare. "Every healthcare provider today wants to optimize their revenue by preventing undercoded cases from going to billing, and reduce risk exposure by catching overcoded cases that would overbill payors. By analyzing the coding of every patient record before submitting it for billing, we can improve our overall coding accuracy, and at the same time utilize the information eValuator provides on records that were coded inaccurately to educate our coding staff on an on-going basis."

"We are pleased to announce a new client relationship with Hunt Regional Healthcare. The power and effectiveness of eValuator continues to open doors and enable us to secure new clients throughout the country," stated David Sides, President and Chief Executive Officer, Streamline Health. "Our drive to lead an industry movement to improve healthcare providers' financial performance by analyzing every coded patient record before it is sent to billing is gaining traction. By improving the revenue integrity at Hunt Regional Healthcare, they can generate more top and bottom line dollars which they can use to help fund their mission of 'continually improving the health of the people in the communities we serve by providing cost-effective, service-oriented care.'"

About Hunt Regional Healthcare

Every day, patients choose Hunt Regional Healthcare for the state-of-the-art medical services and care we provide. We understand that you are looking for the best care for you and your loved ones. Your search for extraordinary care begins and ends with Hunt Regional Healthcare.
