

Sampson Regional Medical Center Signs New Contract For Streamline Health® Evaluator™ Automated Pre-Bill Analysis Solution

November 19, 2018

Clinton, North Carolina-based Hospital and Health System Signs Multi-Year Contract

ATLANTA, Nov. 19, 2018 /PRNewswire/ -- [Streamline Health Solutions, Inc.](#) (NASDAQ: STRM), provider of integrated solutions, technology-enabled services and analytics supporting revenue cycle optimization for healthcare enterprises, today announced it signed a contract with Sampson Regional Medical Center for Streamline Health's eValuator™, its new cloud-based automated pre-bill coding analysis technology.

Streamline Health is leading an industry movement to improve healthcare providers' financial performance by moving mid-to-late revenue cycle interventions upstream, optimizing coding accuracy for every patient encounter prior to bill submission. By improving coding accuracy before billing, providers can reduce lost revenue, mitigate overbill risk, and reduce denials and days in A/R. This enables providers to turn unpredictable revenue cycles into dynamic revenue streams.

"As one of only a handful of independent, community-based hospitals remaining in North Carolina, we not only strive to provide the best in patient care, we also strive to follow best practices in revenue integrity," stated Jerry Heinzman, Chief Financial Officer, Sampson Regional Medical Center. "We believe Streamline Health's new eValuator pre-bill coding analysis technology will help us improve our financial performance by enabling us to analyze every case to confirm it is coded accurately, before we send it to billing. This will help ensure we're reimbursed for the exact acuity of care delivered to each patient we serve."

"We are pleased to add another new client to our roster with the signing of Sampson Regional Medical Center. We appreciate Sampson's drive to use best of breed solutions to help them improve performance no matter where inside their organization, and eValuator fits that strategy to a tee," stated David Sides, President and Chief Executive Officer, Streamline Health. "Our drive to lead an industry movement to improve healthcare providers' financial performance by analyzing every coded patient record before it is sent to billing is gaining traction. By improving the revenue integrity at Sampson Regional Medical Center, they can generate more top and bottom line dollars which can be used to fund their mission of providing quality care to their community."

About Sampson Regional Medical Center

Located in Clinton, NC, Sampson Regional Medical Center (SampsonRMC) has served its community since 1950 and is now one of only a handful of independent, community-based hospitals remaining in North Carolina. The healthcare facility serves as an academic training center for medical students, interns, and residents. Accredited by The Joint Commission, the system offers a range of medical services including acute care, outpatient surgery, emergency and critical care, and women's health and children's services. Specialties include general surgery, orthopaedics, obstetrics & gynecology, and urology. The system provides valuable outpatient services such as physical therapy and diagnostic imaging in state-of-the-art centers, home health, a premier Health + Wellness Center, and a network of physician practices that include primary care, women's health, general surgery, pain management, and urgent care.
