

## Large Midwestern Health System Signs New Contract for Streamline Health® eValuator™

June 30, 2021

Automated Coding Analysis for Inpatient and Outpatient Care

**Atlanta, GA, June 30, 2021 (GLOBE NEWSWIRE) --** [Streamline Health Solutions, Inc.](#) (NASDAQ: STRM), provider of the eValuator™ Revenue Integrity Program to help healthcare providers proactively address revenue leakage and compliance exposure, today announced it has signed a contract with a 2,367-bed, Epic EMR-based health system serving the Midwest. The health system will use eValuator's cloud-based automated pre- and post-bill coding analysis technology to help improve revenue integrity and financial performance from their inpatient and outpatient services.

Streamline Health is leading an industry movement to enable every hospital in the country to use pre-bill technology to improve financial performance. With eValuator, providers are identifying and addressing coding issues before they contribute to revenue leakage, denied claims and non-compliance exposure. The company combines this new technology with expert auditing services to deliver a complete Revenue Integrity Program to its clients. The eValuator program helps users optimize coding and documentation accuracy for every patient encounter prior to billing, substantially improving current financial performance while also assisting in the transition to new payment models.

"In light of all that's going on in healthcare, we're very excited that this health system has chosen eValuator to help improve their coding accuracy and financial performance prior to billing," stated Tee Green, President and Chief Executive Officer, Streamline Health. "Now more than ever, providers need the ability to optimize revenue integrity in a highly efficient and effective manner. We're honored that this large health system has entrusted Streamline Health to assist with this mission critical function."
