FOR IMMEDIATE RELEASE

Streamline Health® Appoints Scott Boyden, Senior Vice President of Sales and Marketing

CINCINNATI, OH June 26, 2008 /PRNewswire-FirstCall/ — Streamline Health Solutions, Inc. (Nasdaq: [STRM](#)), a leading provider of workflow and document management solutions, announced today that B. Scott Boyden, Jr. has been appointed Senior Vice President of Sales and Marketing. Mr. Boyden has assumed all responsibilities for managing and directing the sales and marketing activities of Streamline Health®. Mr. Boyden reports directly to J. Brian Patsy, president and chief executive officer of Streamline Health Solutions, Inc.

“We are delighted to have a healthcare industry sales leader the caliber of Scott Boyden join our executive team,” said Brian Patsy, CEO of Streamline Health. “Scott has extensive experience and expertise in sales and marketing as well as a proven ability to inspire and develop winning teams that have exceeded revenue and profit targets. His passion for improving healthcare for all stakeholders will benefit our team, partners and customers.”

Mr. Boyden comes to Streamline Health with more than 20 years of senior-level sales, marketing and executive management experience in the healthcare. He has built and led winning sales teams at both regional and national levels and has a prior background of top sales performance himself. Most recently he served as the area vice president of sales for Misys Healthcare Systems, where he enjoyed a successful 10 year career, and was recognized as a top sales leader and performer contributing over \$100 million of sales revenue.

“I am thrilled to be involved with a company like Streamline Health that is passionate about what they do, how they do it, and why they do it. In short, this is an exciting time in healthcare. We have an opportunity and obligation to improve healthcare for all stakeholders. Streamline Health has a unique value proposition to do just that, along with a culture that focuses on helping customers win and derive real value.”

About Streamline Health Solutions, Inc.

Streamline Health is a leading supplier of workflow and document management tools, applications and services that assist healthcare organizations and strategic business partners' customers to improve operational efficiencies through business process optimization. The Company provides integrated tools and technologies for automating document-intensive environments, including document workflow, document management, e-forms, portal connectivity, optical character recognition (OCR) and interoperability.

The Company's workflow-based services offer solutions to inefficient and labor-intensive healthcare business processes throughout the revenue cycle, such as referral order processing, pre-admission registration scanning

and signature capture, financial screening, chart coding, abstracting and chart completion, explanation of benefits and remittance processing and release of information processing. The Company's solutions also address the document workflow needs of the Human Resource and Supply Chain Management processes of the healthcare enterprise. All solutions are available for purchase or through a remote hosting services model that better matches customers' capital or operating budget needs.

Streamline Health's solutions create a permanent document-based repository of historical health information that is complementary and can be seamlessly integrated with existing disparate clinical, financial and administrative information systems, providing convenient electronic access to all forms of patient information from any location, including secure web-based access. These integrated solutions allow providers and administrators to link existing systems with documents, which can dramatically improve the availability of patient information while decreasing direct costs associated with document retrieval, work-in-process, chart processing, document retention and archiving.
