FOR IMMEDIATE RELEASE

STREAMLINE HEALTH SOLUTIONS SELECTS BDO SEIDMAN AS NEW INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Cincinnati, Ohio, January 8, 2008 --- Streamline Health Solutions, Inc. (NASDAQ Capital Market: STRM), a leading provider of integrated document management and workflow solutions, announced today that it has engaged BDO Seidman, LLP as the Company's Independent Registered Public Accounting Firm, effective immediately, for the fiscal year ending January 31, 2008.

J. Brian Patsy, Chairman of Streamline Health said: "We are very pleased to engage BDO Seidman because of their reputation and focus on companies of our size. We look forward to closing our fiscal year and working closely with our new auditing firm to conduct our annual audits."

As previously disclosed in a Securities and Exchange Commission filing, the Company's previous Independent Registered Public Accounting Firm resigned effective November 13, 2007. Such resignation was not the result of any disagreement between Streamline Health Solutions, Inc. and its previous auditors on any matter of accounting principles, practices or financial statement disclosure.

About Streamline Health Solutions, Inc.

Streamline Health is a leading supplier of workflow and document management tools, applications and services that assist healthcare organizations and strategic business partners' customers to improve operational efficiencies through business process optimization. The Company provides integrated tools and technologies for automating document-intensive environments, including document workflow, document management, e-forms, portal connectivity, optical character recognition (OCR) and interoperability.

The Company's workflow-based services offer solutions to inefficient and labor-intensive healthcare business processes throughout the revenue cycle, such as chart coding, abstracting and completion, remote physician order processing, pre-admission registration scanning and signature capture, insurance verification, secondary billing services, explanation of benefits processing and release of information processing. The Company's solutions also address the document workflow needs of the Human Resource and Supply Chain Management processes of the healthcare enterprise. All solutions are available for purchase or through a remote hosting services model that better matches customers' capital or operating budget needs.

- MORE -

Streamline Health's solutions create a permanent document-based repository of historical health information that is complementary and can be seamlessly integrated with existing disparate clinical, financial and administrative information systems, providing convenient electronic access to all forms of patient information from any location, including secure web-based access. These integrated solutions allow providers and administrators to link existing systems with documents, which can dramatically improve the availability of patient information while decreasing direct costs associated with document retrieval, work-in-process, chart processing, document retention and archiving. “Safe Harbor” statement under the Private Securities Litigation Reform Act of 1995

Statements made by Streamline Health Solutions, Inc. that are not historical facts are forward-looking statements that are subject to risks and uncertainties. The forward-looking statements contained herein are subject to certain risks, uncertainties and important factors that could cause actual results to differ materially from those reflected in the forward-looking statements, included herein. These risks and uncertainties include, but are not limited to, the timing of the closing of contracts and the timing of the subsequent revenue recognition related thereto, the impact of competitive products and pricing, product demand and market acceptance, new product development, key strategic alliances with vendors that resell the Company products, the ability of the Company to control costs, availability of products produced from third party vendors, the healthcare regulatory environment, healthcare information systems budgets, availability of healthcare information systems trained personnel for implementation of new systems, as well as maintenance of legacy systems, fluctuations in operating results and other risks detailed from time to time in the Streamline Health Solutions, Inc. filings with the U. S. Securities and Exchange Commission. Readers are cautioned not to place undue reliance on these forward-looking statements, which reflect management's analysis only as of the date hereof. The Company undertakes no obligation to publicly release the results of any revision to these forward-looking statements, which may be made to reflect events or circumstances after the date hereof or to reflect the occurrence of unanticipated events.
