Streamline Health Announces Joint Marketing Agreement With FTI Consulting

CINCINNATI, Feb. 2, 2012 /PRNewswire/ --Â Streamline Health Solutions, Inc. (NasdaqCM: STRM), a leading provider of enterprise content management and business analytics solutions for healthcare organizations, today announced that it had entered into a joint marketing agreement with FTI Consulting, Inc. (NYSE: FCN), the global business advisory firm dedicated to helping organizations protect and enhance their enterprise value. As part of the agreement, FTI Consulting will market the benefits of the Streamline Health business intelligence and analytic software along with patient financial services workflows, and Streamline Health will highlight the benefits of the firm's consulting services to both clients and prospects.

FTI Consulting also will utilize Streamline Health's solutions on performance improvement projects to maximize financial results for its clients. Working with Streamline Health, FTI Consulting will use the solutions along with its professional advisors to facilitate and accelerate the identification and achievement of revenue cycle performance for its clients nationwide. Streamline Health's solutions will give FTI Consulting the technology required to continue to exceed its projects' objectives and differentiate itself as the premier leader of healthcare performance improvement advisors.

"The global expertise and innovative thought leadership of FTI Consulting will help us to ensure our market is fully aware of the benefits of our solutions and how they can be used to optimize healthcare organizations' revenue cycle performance and maximize financial results," said Robert E. Watson, president and chief executive officer of Streamline Health. "Combining the expertise of FTI Consulting with our solutions will help healthcare providers make informed and actionable business decisions for more efficient revenue cycle management."

Brian Flynn, Senior Managing Director of the FTI Consulting Healthcare Solutions group, said: "Streamline Health is an industry leader in providing revenue cycle operations technology solutions, and we are pleased to be working in partnership with Streamline Health to bring innovative, cutting-edge business intelligence solutions to our healthcare clients across our practices. In addition to strengthening our existing offering to clients, this agreement allows us to market our expertise to a larger array of companies through Streamline Health's deep network of organizations."

About Streamline Health

Streamline Health provides solutions that help hospitals and physician groups improve efficiencies and business processes across the enterprise to enhance and protect revenues. Our enterprise content management solutions transform unstructured data into digital assets that seamlessly integrate with disparate clinical, administrative, and financial information systems. Our business analytics solutions provide real-time access to key performance metrics that enable healthcare organizations to identify and manage opportunities to maximize financial performance. Our integrated workflow systems automate and manage critical business activities to improve organizational accountability to drive both operational and financial performance. Across the revenue cycle, our solutions offer a flexible, customizable way to optimize the clinical and financial performance of any healthcare organization.
