West Coast Hospital Selects Streamline Health's Coding Audit Services to Confirm Revenue Integrity

New Client to Conduct Quarterly Coding Compliance Audits Using Streamline Health's CORE Technology

ATLANTA, April 4, 2017 /PRNewswire/ -- Streamline Health Solutions, Inc. (NASDAQ: STRM), provider of the Looking Glass® platform of integrated solutions, technology-enabled services and analytics supporting revenue cycle optimization for healthcare enterprises, today announced an agreement to provide new services and technology to a 600+ bed not-for-profit regional medical center on the west coast.

The client selected Streamline Health's Coding Audit Solutions and Services, replacing their incumbent provider, to help them conduct quarterly Inpatient (DRG) and Outpatient (APC) post-bill code audits beginning with their fourth quarter 2016 performance. Streamline Health's experienced Coding Audit Services staff will use the Company's CORE (Coding Opportunity Report Engine) audit management system every quarter in 2017 to help them audit patient records.

"We are proud to have another new client choose us to help them improve their coding compliance processes," stated David Sides, President and Chief Executive Officer, Streamline Health.   "Once again our CORE technology was a key asset in helping us earn this opportunity over their incumbent provider. Streamline Health's CORE technology will empower the client project team with detailed reporting of all audit results, which they can use to reinforce existing coder development and to enhance their overall accuracy and quality."

About Streamline Health
Streamline Health Solutions, Inc. (NASDAQ: STRM) is a healthcare industry leader in capturing, aggregating, and translating enterprise data into knowledge—delivering actionable insights that support revenue cycle optimization for healthcare enterprises.   Our Looking Glass platform delivers integrated solutions, technology-enabled services and analytics that enable providers to drive reimbursement in a value-based world. We share a common calling and commitment to advance the quality of life and the quality of healthcare—for society, our clients, the communities they serve, and the individual patient.
