## Leading NYC Healthcare System Extends Licensing Agreement With Streamline Health

CINCINNATI, May 15, 2012 /PRNewswire/ -- Streamline Health Solutions, Inc. (NasdaqCM: STRM), a leading provider of enterprise content management and business analytics solutions for healthcare organizations, today announced that Bronx-Lebanon Hospital Center has extended its existing agreement relative to Streamline Health's Software as a Service (SaaS) model for an additional five years through a direct licensing agreement with the Company. Bronx-Lebanon is the largest voluntary, not-for-profit healthcare system serving the South and Central Bronx. As part of the agreement, the system will continue to license Streamline Health's AccessAnyWare® content management system along with the Company's Health Information Management (HIM) workflows: CodingWare, ReleaseWare, and CompletionWare.

"Our clients' continued success using our solutions is paramount to our organization," said Robert E. Watson, President and Chief Executive Officer of Streamline Health. "Our HIM solutions are an integral part in ensuring that the patient record is accessible, accurate, and complete, and we are pleased that Bronx-Lebanon continues to see their value."

"We look forward to continuing our partnership with Streamline Health," stated Seif Rehim, Vice President, Procurement & Materials Management at Bronx-Lebanon. "AccessAnyWare and the HIM workflows are helping us move away from a paper-based environment to one that is electronically enabled."

### **About Streamline Health**

Streamline Health provides solutions that help hospitals and physician groups improve efficiencies and business processes across the enterprise to enhance and protect revenues. Our enterprise content management solutions transform unstructured data into digital assets that seamlessly integrate with disparate clinical, administrative, and financial information systems. Our business analytics solutions provide real-time access to key performance metrics that enable healthcare organizations to identify and manage opportunities to maximize financial performance. Our integrated workflow systems automate and manage critical business activities to improve organizational accountability to drive both operational and financial performance. Across the revenue cycle, our solutions offer a flexible, customizable way to optimize the clinical and financial performance of any healthcare organization.
