OAKWOOD HEALTHCARE SYSTEM EXPANDS USE OF STREAMLINE HEALTH DOCUMENT MANAGEMENT SOLUTIONS

Leading Healthcare System Transitions to Direct Licensing Agreement; Adds Additional Document Management and Integration Solutions

Cincinnati, Ohio – December 1, 2011 — Streamline Health Solutions, Inc. (NasdaqCM: STRM), a leading provider of enterprise and departmental document management solutions and business process workflows for healthcare, today announced that Oakwood Healthcare System will expand its use of the Company's document management solutions through a direct licensing agreement and the purchase of additional Streamline Health solutions.

Oakwood Healthcare System is a comprehensive health care delivery system in southeastern Michigan serving 35 communities within a 500 square-mile service area. The system has used Streamline Health document management and workflow solutions since 2008. As part of the agreement the system will:

- | Enter into a direct license with Streamline Health;
- | Purchase Streamline Health's comprehensive Epic© Integration Suite to provide instant access to scanned clinical and financial records from within the Epic electronic medical record system with the goal of improving patient care and saving physician and staff time, and;
- | Purchase Streamline Health's FolderAnyWare, a flexible document management system that provides secure, searchable storage of almost any file type or record with the goal of improving operating efficiencies within its Patient Financial Services department.

"We are pleased that Oakwood Healthcare System has decided to extend and expand its partnership with Streamline Health," said Robert E. Watson, president and chief executive officer of Streamline Health. "Ensuring our clients' continued success with our solutions is a strategic area of focus for us this year as we have noted in our earnings calls and previous press releases. We are confident that Oakwood Healthcare System will leverage these additional technologies to achieve greater operational efficiencies and enhanced patient care through the deployment of our solutions."

"Integrating our document workflow solutions with the patient information in our Epic system is an important step in providing our physicians and staff with access to complete patient information," said Paula F. Smith, senior vice president, chief information officer at Oakwood Healthcare System. "We have been pleased with Streamline Health's support in the past and we look forward to working with them to extend the use of their solutions across the enterprise."

About Streamline Health

Streamline Health transforms unstructured documents, forms, and images into actionable digital assets that improve processes and revenue across the enterprise. Dedicated exclusively to healthcare, our document management solutions create a permanent document-based repository of information that can integrate seamlessly with existing clinical, financial, and administrative information systems. For additional information, please visit our website at <http://www.streamlinehealth.net>.

About Oakwood Healthcare System

Founded in 1953 and headquartered in Dearborn, Michigan, Oakwood Healthcare System is a comprehensive regional healthcare network that serves residents over a 500 square mile area. Comprised of four acute care hospitals, 45 primary and specialty care sites and four centers of excellence, Oakwood provides services to more than one million people in 35 communities. As the second largest employer in suburban Wayne County, Oakwood is home to more than 9,000 employees and 1,300 physicians representing nearly every medical and surgical specialty and subspecialty. Oakwood has been recognized as one of the nation's top 100 Integrated Healthcare Networks, one of Metro Detroit's Best and Brightest Companies to Work For, and most recently, a finalist for the 2011 Malcolm Baldrige National Quality Award.
