Saint Francis Signs Agreement to Upgrade and Extend the Use of Streamline Health's(R) Solutions for Five More Years

Additional Enterprise Content Management Integration with Their EMR Will Provide a More Complete Patient Record

ATLANTA, April 1, 2013 /PRNewswire/ -- [Streamline Health Solutions, Inc.](#) (NASDAQ: STRM), a leading provider of SaaS-based enterprise content management, business analytics, computer assisted coding (CAC) and clinical documentation improvement (CDI) solutions for healthcare providers, today announced that Saint Francis Hospital and Medical Center has expanded its relationship with Streamline Health for an additional five years by upgrading and extending their license for AccessAnyWare™, the company's suite of enterprise content management solutions.

Located in Hartford, Connecticut, Saint Francis is New England's largest Catholic hospital and is comprised of 617 licensed inpatient beds, 65 bassinets and highly regarded centers of excellence. With the agreement, Saint Francis extended their licenses for [AccessAnyWare](#) and [FolderView](#) Streamline Health's enterprise content management solutions, and added the integration with their Epic EMR. The integration of these solutions with their Epic EMR will provide the hospital with access to a more complete patient record that incorporates both structured and unstructured data.Â Â

"This continued partnership will provide us with critical guidance during the integration process with our new Epic EMR," remarked Steve Tenner, Enterprise Information Systems Director for Saint Francis. "Additionally, the enterprise functionality that Streamline Health's AccessAnyWare provides will assist our efforts to become a paperless organization, not only when it comes to medical documentation, but in additional areas such as human resources."

"We are excited to continue and enhance our partnership with Saint Francis, and we believe this new agreement will open up new opportunities for the organization to leverage technology to improve patient care and become more efficient in other non-clinical functions," said Robert E. Watson, President and Chief Executive Officer of Streamline Health. "The Streamline Health solutions will give the clinicians at Saint Francis better and more immediate access to complete medical records, resulting in time savings and improved regulatory compliance."

About Streamline Health

[Streamline Health Solutions, Inc.](#) (NASDAQ: STRM) is a leading provider of SaaS-based healthcare information technology (HCIT) solutions for hospitals and physician groups with offices in Atlanta, Cincinnati and New York. The company's comprehensive suite of solutions includes: enterprise content management (ECM), business analytics, integrated workflow systems, clinical documentation improvement (CDI), and computer assisted coding (CAC).
